TWIN FALLS COUNTY ANIMAL CARE AND WELFARE POLICY STATEMENT

Twin Falls County Fair recognizes that an integral part of good animal husbandry practices includes comfort and sanitation, which will benefit both producers and consumers. These practices will improve efficiency and profitability for the producer and provide a healthy, wholesome product to the consumer at a reasonable price.

The Twin Falls County Fair firmly believes animals are a vital part of human existence and deserve our protection and compassion. Humans have an inseparable relationship with all parts of the natural world. Furthermore, humanity is answerable to another set of laws and concepts that is uniquely a product of human society. Animals cannot be subject to those laws and concepts and therefore, do not have the rights of humans.

Man is responsible for providing adequate food, water and shelter for animals. Management practices must be of a nature to promote health, reduce stress and protect the animal from unnecessary injury and pain. The Twin Falls County Fair endorses animal control procedures including neutering and responsible ownership to prevent uncontrolled population expansion. Practices utilized to prevent injury to other animals and humans or to promote good health or improve production efficiency are necessary to prevent pain and suffering is a vital part of proven animal management.

The Twin Falls County Fair represents a coalition of individuals who support prudent and humane use of animals for food, clothing, enjoyment and biomedical research. Carefully controlled use of such animals contributes greatly to improving health and welfare of both humans and animals.

The Twin Falls County Fair recognizes that, in our modern industrial society, animals be transported for marketing, slaughter, pasture, breeding, show and enjoyment purposes. The Twin Falls County Fair supports humane transportation and handling of animals. This includes adequate space for normal postural adjustment, minimal animal contact with hazing devices and appropriate facilities for processing and loading animals to avoid stress.

The Twin Falls County Fair Board supports permanent animal identification to establish rightful ownership, avoid theft and track and recognize diseased and/or contaminated animals.

All animals use other animals for their existence. The responsible human use of animals is natural and appropriate.

No element of society has more compassion for or a greater stake in the proper husbandry of poultry, livestock, furbearers, game animals and aquaculture than the produce.

This policy statement was adopted by the Twin Falls County Fair on April 1, 1992. We believe this to be a true, honest statement of our feelings on Animal Care.
